

Strategic Insights & Recommendations from IMDb Dataset Analysis:

Brindha Varadharajan | Lohith Sai | Naveen Bodala

Problem Statement:

RSVP Movies, an Indian film production company, seeks analytical assistance for their upcoming global audience-oriented project.

Key Insights and Recommendations:

- Movie production witnessed a decline from 3052 in 2017 to 2001 in 2019, with March being the peak month for releases.
- Drama, constituting 4285 movies, is the preferred genre for RSVP Movies, aligned with audience choices favouring Drama, Comedy, and Thriller.
- Dream Warrior Pictures and National Theatre Live are recognized as top production companies with a track record of successful movies.
- Internationally acclaimed directors James Mangold, Anthony Russo, and Soubin Shabir are acknowledged for their global influence in filmmaking.
- Strategic collaborations with top Indian actors and actresses like Vijay Sethupathi and Taapsee Pannu are recommended for RSVP Movies, considering their Indian base.
- Action movies, with an average duration of 112.88 minutes, capture audience attention for their extended storytelling potential.
- Highly regarded actors Mammooty and Mohanlal shine with the highest median ratings.
- The top-grossing movies for 2017, 2018, and 2019 are identified as Star Wars, Avengers: Infinity War, and Avengers: Endgame, respectively.
- In an alternate perspective, considering multilingual language movies, Star Cinema and Twentieth Century Fox emerge as top production companies.
- Prolific directors Andrew Jones, A.L. Vijay, and Sion Sono are acknowledged for their substantial contribution to the industry based on the volume of movies directed.

These insights comprehensively guide decision-making for RSVP Movies, offering a strategic roadmap based on industry dynamics, audience preferences, and successful collaborations.
